

## Digital Learning / Hybrid Learning in Higher Education

Hilmar Salac, Business Development Manager Higher Education, Panasonic

Sebastian Kurte-Breul, Services eLearning, University of Kassel

**Panasonic**  
**CONNECT**

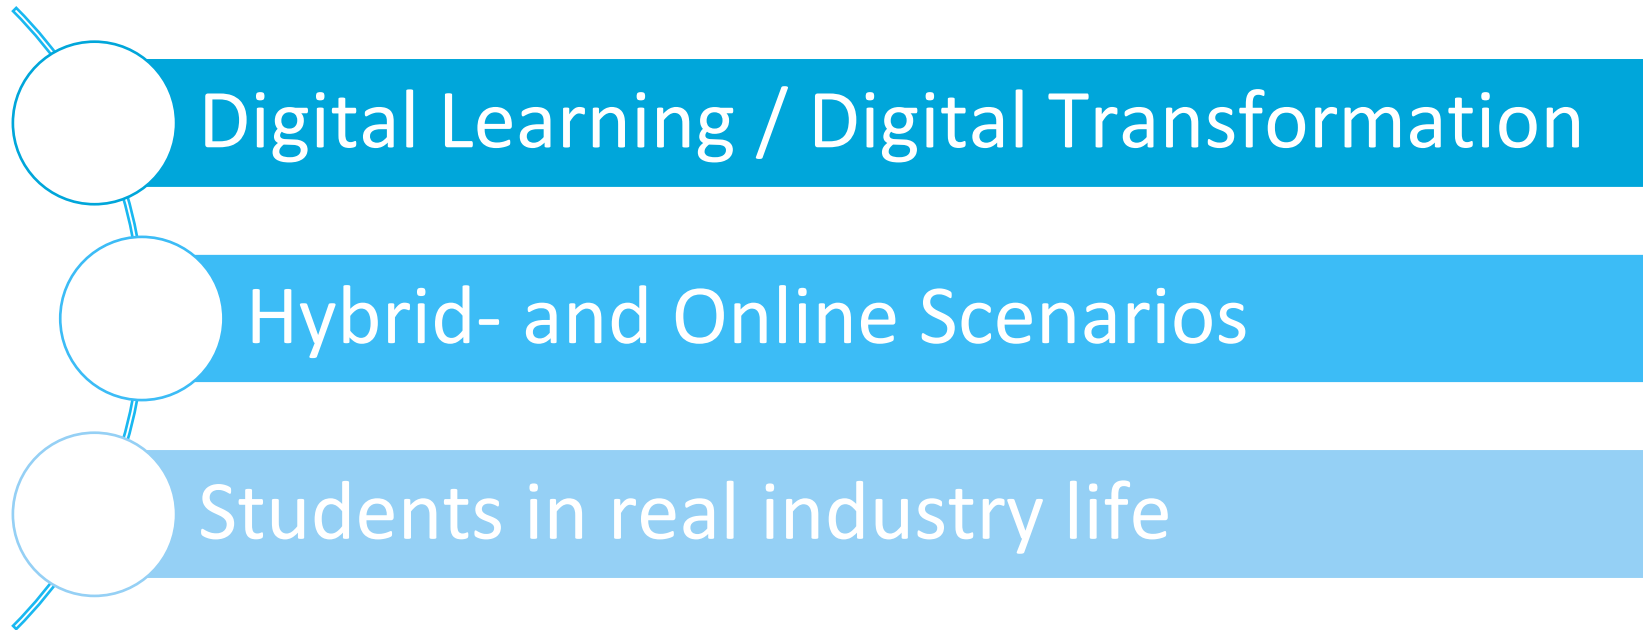

## Digital Transformation in Higher Education

Future Professionals – Skills, Knowledge, Mindset, Attitude

Public Resources – Efficiency, Futureproof, Scalability

Public & Enterprise Cooperation

Hybrid Teaching: Flexibility, Accessibility, Personalization, Digital Resources, Interactive Learning

Enhanced Hybrid Learning: Monitoring, Feedback, Centralized, Automated, Scalable

Dynamic Hybrid Learning: Versatile Environment, Student-Centric, Strong Engagement, Workflow Integration

Flexibility: available anytime and anywhere

Visualization: complex content presented in an illustrative way

Repeatability: repeatable and pausable at any time

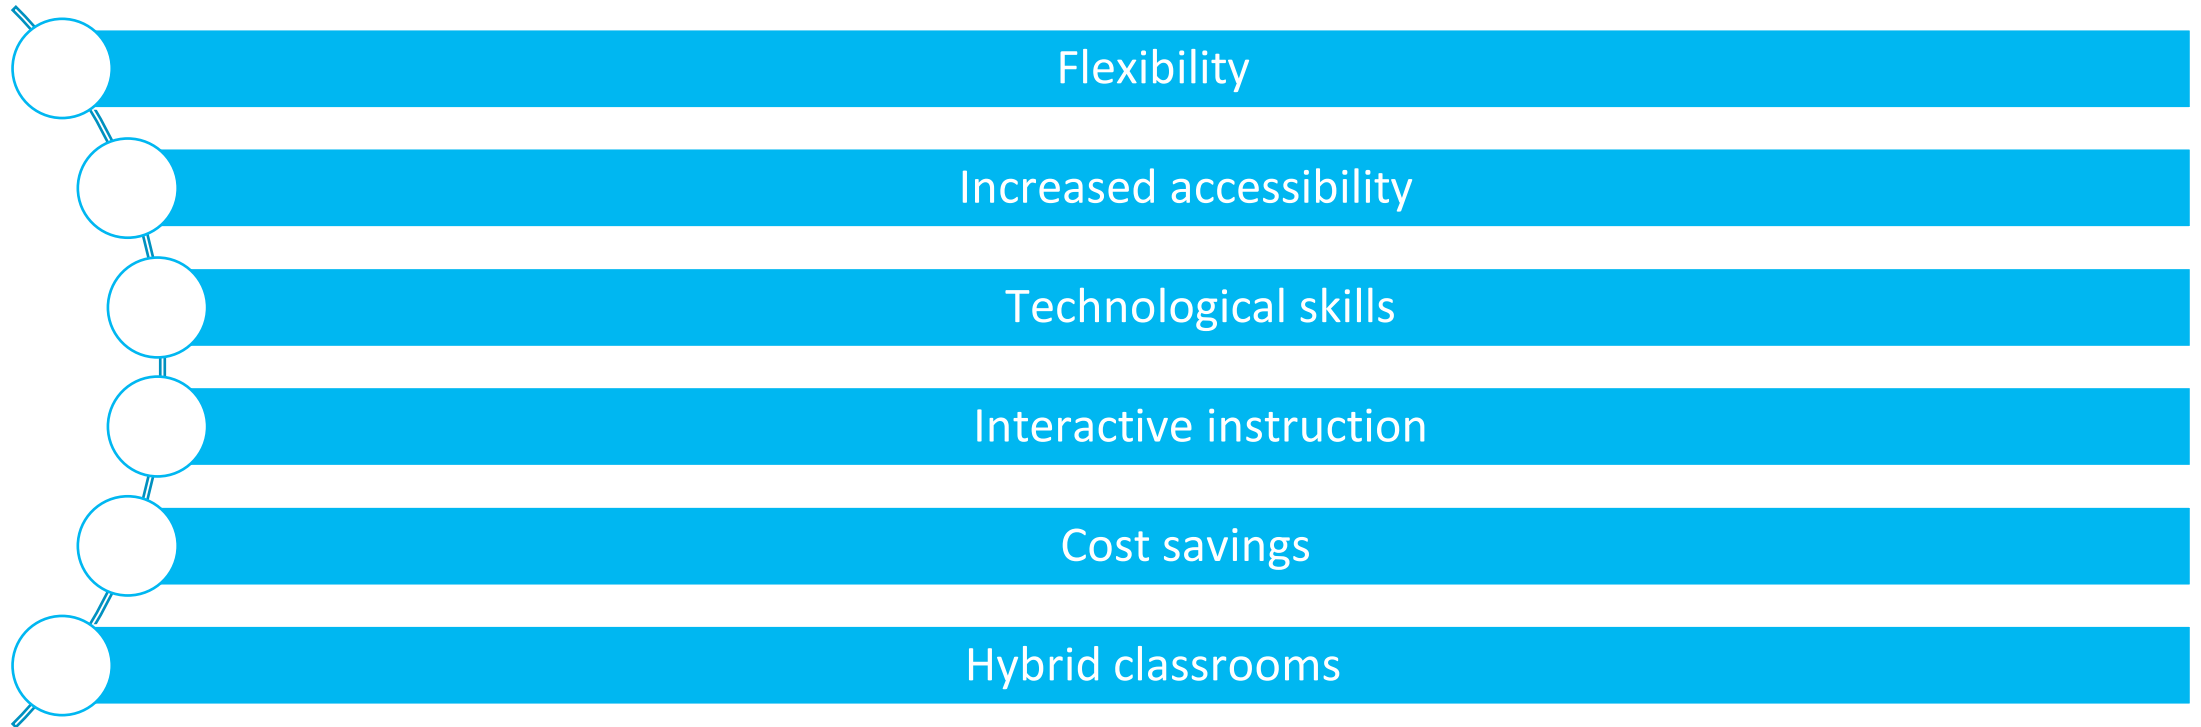

Individualization: learning time and location self-determined

Efficiency: teaching time can be used more efficiently

Inclusion: contribution to an inclusive university education

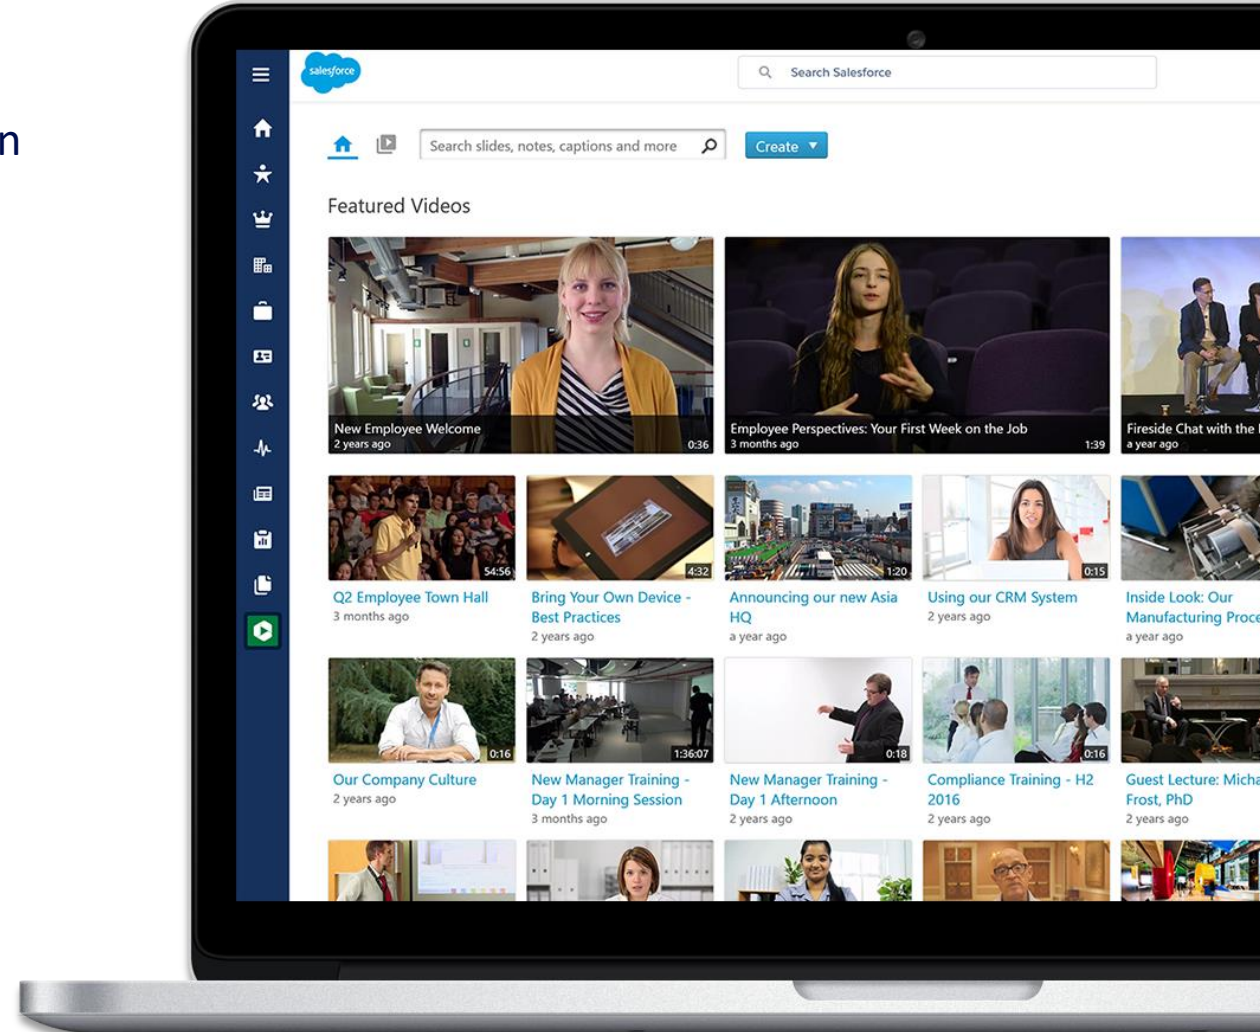

## Searchable Video Database

- Every spoken word
- All text elements in presentation
- All recognised OCR elements
- Interaction with students
- Knowledge Database

- Integration in LMS
- Multi-language search / caption
- Apply tags for relevant content
