

Why become a EUNIS Institutional member?

Becoming a EUNIS member offers numerous benefits. It allows to engage with a network of universities, higher education institutions, and research institutes across Europe and Oversea.

Members enjoy immediate benefits upon receipt of the first subscription payment, and all employees of a member organisation avail these benefits, including the eligibility to vote in EUNIS elections and to be elected in EUNIS board.

The members also access all EUNIS online webinars and workshops free of charge, and they avail the significant discounts offered for EUNIS on-site events' registration. Please check our [events pages](#) on our eunis.org website, with a focus on [our numerous congresses](#) all over Europe!

The congresses provide a unique opportunity to network personally with all decision makers in IT and Digital Transformation in Europe. Every year in June, up to 450 delegates and representatives from our member institutions meet up to exchange best practices and develop the community. Birds of a feather, discussion panels, workshops and presentations are the ideal framework for like-minded individuals to share ideas, collaborate, and learn from one another.

You would like to know more about EUNIS? Do not hesitate to get in touch with one of our [ambassadors](#) or send an email to info@eunis.org
